

Reinforcement of On-Site Support for Suffocation Prevention

- Proactive One-Call Service for Suffocation Prevention -

Project	<ul style="list-style-type: none"> ● On-Site Support for Asphyxiation Prevention 								
Major changes	<ul style="list-style-type: none"> ● Focus on high-risk and vulnerable workplaces <ul style="list-style-type: none"> - Agents visit workplaces with high risk of asphyxiation, including those with airtight work spaces and periodically experiencing increases in asphyxiation risk from season to season, to inspect the safety measures in place. • High-risk workplace : Workplaces of actual condition investigation (2018 to 2020) and technical instruction (2019 to 2020) rated to have high risk of suffocation are given unannounced visits by KOSHA staff; and those found to have made little effort to reduce risk are reported to local authorities for monitoring. • High-risk seasons: Winter (December to February) for construction sites where thermal curing of materials is done, summer (June to August) for waterworks, sewage treatment, and other workplaces involving tasks in airtight spaces (e.g., sewage treatment plants). <ul style="list-style-type: none"> ※ Special inspection plans instructed by the headquarters for controversial accidents involving two or more casualties caused by asphyxiation. ● One-Call Service for proactive prevention of asphyxiation <ul style="list-style-type: none"> - Financial support: KRW 280,000 per service (KRW 60,000 extra for each service provided on the weekends and public holidays, at night, and for emergency). - Service agencies are recruited and contracted by metropolitan and regional headquarters. - Application process: Service applicants are to call the working-level department (Tel. 1644-8595), which then files service requests with the agency. <div style="margin-top: 10px;"> <table border="1" style="width: 100%; border-collapse: collapse; text-align: center;"> <tr> <td style="background-color: #d9e1f2; padding: 5px;">Telephone application</td> <td style="background-color: #d9e1f2; padding: 5px;">Received by</td> <td style="background-color: #d9e1f2; padding: 5px;">On-site services (1.
