

## **President Baek visits Yeo-su as explosion occurs in industrial field**

President Hun-ki Baek visited the work place which witnessed explosions on 15, March. This visit is to come up with comprehensive responses and prevent same accidents happen, after he was briefed of situation there from the major industrial accidents prevention team.

KOSHA dispatched task force teams as soon as the accident occurred to find out causes of the accident and had an urgent meeting. As of now two task force teams on accident investigation are implementing restoration support as well as investigation, following the Level II, the alert level for danger.

President Baek is issuing orders about dealing with the accident
