

Minister Ha-nam Pahng of employment and labor is experiencing one of applications that KOSHA developed

July 1, 2013

Minister Ha-nam Pahng of employment and labor is experiencing one of applications that KOSHA developed, while visiting Global Safety and Health Exhibition.

He joined the exhibition from July 1 to 4, and looked around safety and health products used in the industry.

The Global Safety and Health Exhibition, one of the largest OSH exhibitions in Korea, celebrates 31st this year where 200 companies from the U.S., Japan and Germany are showing some 10,000 OSH products and equipment.

Minister Phang is experiencing one of applications that KOSHA developed.
