

## Understand importance of safety at various jobs

KOSHA sing MOU with Korea Job World

31<sup>st</sup> August

KOSHA signed MOU with Korea Job World which runs job-experience exhibition, on 31<sup>st</sup> August in an effort to spread safety culture at workplaces for youth.

KOSHA would take signing of MOU as an opportunity to support facilities for safety and health experience for the youth and to provide schools with safety and health materials. The agency would also cooperate with Korea Job World to develop 'Occupational Safety Programs'.

A person from KOSHA said "This would be a chance to give information on various kinds of jobs, together with work-safety information to youth who will visit Korea Job World where over 800,000 people are expected to visit a year." adding that this opportunity would also be helpful to train children on occupational safety at their early age.

KOSHA's president Hun-Ki Baek and Korea Job World's president Mr. Chang are taking a picture after signing MOU.

### ◆ Korea Job World

Located at Gyung-gi province with 80,000 m<sup>2</sup> of land area with total area of 38,796 m<sup>2</sup>, the Korea Job World opened on 15 May this year and provides the place where visitors can experience around 110 jobs through 80 facilities.

For 1 month since its opening, 70,177 people visited and over 800,000 visitors are expected to come.
